### **Real Time Analysis Report**

**Dear Landlord,**

**Performing evictions in America in 2026 is one of the most dangerous operations in all of law enforcement. In light of this danger the Office of the Sheriff has recently adopted a practice of performing a “Real Time Analysis” inquiry for each defendant involved in a prospective eviction.**

**This process sometimes takes 2-3 weeks.**

**We hope you understand that this deliberate and methodical process is meant to gather intelligence, information, arrest history, mental state, family members, etc. in order to conduct these evictions as safely as possible so that the Deputies involved are safe and return to their loved ones each night.**

**We are grateful for your business and hope you understand.**
